

§ 24.603

§ 24.603 Monitoring and corrective action.

(a) The Federal lead agency shall, in coordination with other Federal agencies, monitor from time to time State agency implementation of programs or projects conducted under the certification process and the State agency shall make available any information required for this purpose.

(b) A Federal agency that has accepted a State agency's certification pursuant to this subpart should withhold its approval of any of its Federal financial assistance to any project, program, or activity, in progress or to be undertaken by such State agency, if it is found by the Federal agency that the State agency has failed to comply with the applicable State law and regulations implementing those provisions of the Uniform Act for which the State agency would otherwise have provided the assurances required by sections 210 and 305 of the Uniform Act. The Federal agency may withhold Federal financial assistance if the certifying State agency fails to comply with the applicable State law and regulations implementing other provisions of the Uniform Act. The Federal agency shall notify the lead agency at least 15 days prior to any decision to withhold funds under this subpart. The lead agency may consult with the Federal agency upon receiving such notification. The lead agency will also inform other Federal agencies which have accepted certification under this subpart from the same State agency of the pending action.

(c) A Federal agency may, after consultation with the lead agency, and notice to and consultation with the governor, or his or her designee, rescind any previous approval provided under this subpart if the certifying State agency fails to comply with its certification or with applicable State law and regulations. The Federal agency shall initiate consultation with the lead agency at least 30 days prior to any decision to rescind approval of a certification under this subpart. The lead agency will also inform other Federal agencies which have accepted a certification under this subpart from the same State agency, and will take what-

49 CFR Subtitle A (10-1-02 Edition)

ever other action that may be appropriate.

(d) The lead agency may require periodic information or data from affected Federal or State agencies.

APPENDIX A TO PART 24—ADDITIONAL INFORMATION

This appendix provides additional information to explain the intent of certain provisions of this part.

Subpart A—General

Section 24.2 Definitions

Definition of comparable replacement dwelling. The requirement in §24.2 that a comparable replacement dwelling be “functionally equivalent” to the displacement dwelling means that it must perform the same function, provide the same utility, and be capable of contributing to a comparable style of living as the displacement dwelling. While it need not possess every feature of the displacement dwelling, the principal features must be present.

For example, if the displacement dwelling contains a pantry and a similar dwelling is not available, a replacement dwelling with ample kitchen cupboards may be acceptable. Insulated and heated space in a garage might prove an adequate substitute for basement workshop space. A dining area may substitute for a separate dining room. Under some circumstances, attic space could substitute for basement space for storage purposes, and vice versa.

Only in unusual circumstances may a comparable replacement dwelling contain fewer rooms or, consequentially, less living space than the displacement dwelling. Such may be the case when a decent, safe, and sanitary replacement dwelling (which by definition is “adequate to accommodate” the displaced person) may be found to be “functionally equivalent” to a larger but very run-down substandard displacement dwelling.

Paragraph (7) in the definition of *comparable replacement dwelling* requires that a comparable replacement dwelling for a person who is not receiving assistance under any government housing program before displacement must be currently available on the private market without any subsidy under a government housing program.

A public housing unit may qualify as a comparable replacement dwelling only for a person displaced from a public housing unit; a privately-owned dwelling with a housing program subsidy tied to the unit may qualify as a comparable replacement dwelling only
